

IASLC Letter of Invitation

Dear Colleague,

We cordially invite you to become a member of the International Association of Lung Cancer (IASLC).

You will be joining a global team of motivated and enthusiastic lung cancer experts who are committed to promote the etiology, epidemiology, prevention, diagnosis, treatment and all other aspects of lung cancer to the medical community and to the public.

One of the most important and influential recent projects has been the IASLC staging project, the largest database of lung tumors ever established to support the revision of the TNM classification. This database was sourced from data of more than 80,000 patients in more than 20 countries around the world.

You will be joining a global team which is committed to use all available means to eliminate lung cancer as a health threat for the individual patient and throughout the world. We are open to any physician, health professional or scientist interested in Thoracic Oncology!

By becoming a member of the IASLC you will enjoy a large variety of membership benefits like:

- Complimentary annual subscription to the Journal of Thoracic Oncology (JTO)
- Various supplemental issues of the JTO throughout the year
- Annual Member Directory
- Monthly Newsletter with the latest information on events, grant opportunities and upcoming workshops
- Member discount to the World Conferences

For further information regarding IASLC membership and reduced membership fees which are available for Clinical Fellows, Members of developing countries and Allied Professionals please visit www.iaslc.org.

Your expertise is appreciated! – Join us today!

Sincerely,

IASLC Membership Committee, represented by:

Dr. Luis Raez, Chair

Dr. Suresh Senan, Past Chair

Dr. William Travis, Board Liaison
