

## IASLC Foundation

The IASLC Foundation's mission is to support the education of fellows and young investigators destined to become the next generation of lung cancer physicians and scientists. Since 2000, the IASLC has funded 80 fellowships, 11 in the most recent year. With the help of the IASLC Foundation, we can expand this number in the future and assist more people in creating new and better ways to combat lung cancer.

Adi F. Gazdar

To date members have donated over \$250,000 to help fund these fellowships. With our expanded fundraising efforts, the sky is the limit. If you would like to donate to this worthy cause, please visit our website: [iaslc.org/foundation](http://iaslc.org/foundation).

In 2015, the Foundation had a strong start with a generous donation from Dr. Adi F. Gazdar. Relying on this substantial gift as seed money allows the IASLC Foundation to start funding our 2016 fellowships. However, this is just the start. We anticipate 2016 will see great strides as we grow our donation base.

### We are grateful for the contribution made by those on this full list of 2015 donors:

#### **\$200,000 and above**

Adi F. Gazdar

#### **\$3,000 - \$5,000**

Carolyn M. Dresler  
David R. Gandara  
Christian Manegold

#### **\$1,000 - \$3,000**

Alex A. Adjei

*The legacy of  
John Fisher*

*John Fisher became ill in 2015 and rapidly passed away from mesothelioma, a thoracic cancer. His wife, Lauren, established a fund in his memory, John's Legacy, honoring his life's focus on making a difference in the lives of others. Two-thirds of the proceeds raised by John's Legacy will go toward the IASLC Foundation, specifically to aid in efforts based out of Colorado.*
