BEST OF WORLD CONFERENCE ON LUNG CANCER 2015
including a workshop on ALK-testing
October 9-10, 2015
Radisson Blu Airport Hotel Gardermoen
Oslo, Norway

Dear colleagues

On behalf of the Organizing Committee of the 2nd Scandinavian Best of WCLC meeting we welcome You to Oslo 9-10 October 2015!

The Best of WCLC meeting will summarize the most important highlights from the International Association for the Study of Lung Cancer (IASLC) 16th World Conference on Lung Cancer (WCLC), taking place in Denver, USA Sept 6-9 2015. The meeting is held in collaboration with IASLC, and the content will be reviewed by acknowledged Nordic speakers.

The meeting follows the success of the first Scandinavian “Best of WCLC”-meeting that was held in Copenhagen 2013. It is planned to be held after every WCLC in the future, and will be a forum where the latest news and data in the field of Lung Cancer are presented and discussed in a Nordic environment.

Participants from all the Nordic countries within all specialities involved in lung cancer treatment are warmly welcome!

Participation is free of charge and includes accommodation in Oslo, lunch, dinner and refreshments during breaks in the programme. Participants will organize and pay for their own transportation.

Welcome!

Odd Terje Brustugun
Norwegian Radium Hospital
Norway

Simon Ekman
Karolinska University Hospital
Sweden

Peter Meldgaard
Aarhus University Hospital
Denmark
